Javascript Example using loops, arrays, and embedded HTML to create a calendar page with room for messages to be Added to the day box.

```
<script type="text/javascript">

function make_header () {
    var month = "SEPTEMBER 2008";
    var days = new Array("Sun", "Mon", "Tue", "Wed", "Thu", "Fri", "Sat");
    var i=0;

    document.write(" <center><h1><font face='Arial'>", month,"</font></h1></center> ");
    document.write(" <table width=660><tr><td width=20>    </td> ");

    for (i=0;i<=6;i++) {
        document.write(" <td width=90 align=center><font face='Arial' size=+1 weight=700> ", days[i], " </font></td> ");
    }
    document.write(" </tr></table> ");
}

function make_body () {
        var cnum = new Array(
        "","1","2","3","4","5","6",
        "7","8","9","10","11","12","13",
        "14","15","16","17","18","19","20",
        "21","22","23","24","25","26","27",
        "28","29","30","","","","");
        var msg = new Array(
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "<b>Message</b><br>message",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "",
        "Messagel<br>Message<br>Message",
        "",
        "Message<br>message",
        "<b>Message</b><br>message<br>message ",
        "",
        "",
        "",
        "",
        "",
        "",
        "");
```

```
var weeks = 5;
var n = 0;
var m = 0;
for (r=0;r<=weeks-1;r++) {
    document.write(" <table><tr height=92> ");
    document.write(" <td width=50>    </td> ");

    for (b=0;b<=6;b++) {
        document.write(" <td valign=top bgcolor=#FFFFEE width=86> ");
        document.write(" <table><tr height=20><td width=20 bgcolor=#999999> ");
        document.write(cnum[n]);  n++;
        document.write(" </td></tr></table> ");
        document.write(" <table><tr height=70><td width=86 valign=top> <font size=1
                                                    color=#000000> ");
        document.write(msg[m]);    m++;
        document.write(" </td></tr></table> ");
        document.write(" </td>  ");
    }
    document.write(" </tr></table> ");
}

}

</script>
```
